

Maximize your collection efforts with information from TransUnion. SSN Search is a verification and locator tool that requires only a Social Security Number as input. This location tool will verify consumer contact information or provide potentially new or updated contact information including names and addresses to help enhance your search efforts.

Features

Returns up to six (6) subjects that match input SSN:

- Returns subject name
- Returns current and previous address(es) with date reported
- Returns second previous address
- High Risk Fraud Alert may be added-on
- Easy to use

Input Requirements

Social Security Number is the only input requirement

Delivery Options

- CPU - CPU (All)
- Online Batch
- TransUnion DeskTop
- Remote Terminal
